

LOG CELEBRATES 20TH ANNIVERSARY

VOLUME XX

AUGUST, 1958

NO. 12

Course Certificates Awarded to Eight By Employee & Community Relations

Certificate recipients are (left to right) George Batemar, Wage and Salary Administration; Francis Wilson, Suggestion System; Aldem Trotter, Publications; Pamela Christopher, Project Coordinator; John Winant, Assistant Director of Employee and Community Relations; Courtney Flanders, Manager of Training and Publications; Fredrick Whitham, Manager of Wage and Salary Administration.

"To help meet the everyday problems of operating a large industrial company of today, it is necessary to have a mathematically disciplined mind. These courses in Economics and Accounting, which you have just completed, are two large strides in helping to achieve this status." These are the words of Board Chairman, Robert C. Sprague, as he addressed and presented course completion certificates to members of the Employee and Community Relations Division at recent ceremonies.

The ceremonies marked the completion of courses in Economics and Accounting by seven members of the Division. The courses were presented and instructed by Robert C. Sprague, Jr., recent recipient of a Master of Science Degree under the Sloan Fellowship Program at the Massachusetts Institute of Technology.

Completion certificates in Economics were awarded to: Pamela

Christopher, with high honors; George Bateman and Francis Wilson, with honors; and Courtney Flanders, Aldem Trotter, and Fred Whitham with credit.

Completion certificates in Accounting were awarded to: John Winant and Francis Wilson, with high honors; Pamela Christopher, with honors; Courtney Flanders, with credit; and George Bateman, Aldem Trotter and Fred Whitham satisfactorily.

Also participating in the educational program and receiving certificates at separate ceremonies held in Visalia, California, where he was recently transferred, was Kenneth Brown, Industry Relations Manager for our California operations. He received high honors in Economics and honors in Accounting. His certificates were presented by Martin Daigault, Factory Manager of the Visalia Plant.

At the local ceremony, Mr. Robert C. Sprague, Jr., Director of Employee

ROBERT C. SPRAGUE, JR.

Harry Kalker Gives Encouraging Prediction

In a talk given recently before the industrial committee of the New York Metropolitan Chapter of the National Electronic Distributors in New York City, Harry Kalker, Sprague Products President, gave the encouraging forecast that within five years total industry sales will be double the present annual volume of \$12 billion.

He traced the rise of the electronics industry from 1939 when it aggregated \$1 billion, through the "radar age" which raised it to \$4 billion, then on to television, which pushed it up to \$6 billion, and finally to the missile era which saw it reach \$12 billion annually. He added that with the advent of the industrial electronics era, sales would hit \$24 billion within the next five years.

"This business is a collective effort", he explained. With the assured growth of the industry, industrial distributors must begin to advertise themselves so that they will become known as "electronic centers".

The electronics industry will move into numerous fields, he added and distributors must recognize this trend and formulate their plans accordingly. He said servicing of industrial equipment may become the function of industrial distributors.

Mr. Kalker remarked that the operation of a successful industrial distributing business can be compared with an equilateral triangle since it is a co-operative effort between the supplier, distributor and the representative

Dr. Lazier Appointed to Advisory Post By National Research Council

Division of Engineering and Industrial Research, National Research Council, was made recently by Dr. E. C. Bain the Division Chairman.

The Advisory Board consists of six prominent leaders in the field of research who serve without compensation for a period of three years. It is their duty to supply scientific and technical advisory service to the Quartermaster Research and Engineering Command, Natick, Massachusetts, on the Command's Research and development program and problems. This responsibility is in accord-

OVER 6½ MILLION HOURS WITHOUT ACCIDENT HONORED

Anthony Sacco, Assistant Safety Director; Etta Owen, Plant Nurse, and Arthur Mathews, Safety Director, proudly display one of the safety plaques presented to each of 16 departments by Mr. Arthur Burroughs of the American Mutual Liability Insurance Company.

"The American Mutual Liability Insurance Company firmly believes that any time anyone does a good job they should be recognized for it. In recognition of the excellent job you have done in preventing unnecessary injury to yourselves and your fellow employees, may I present on their behalf this plaque of accomplishment".

These are the words of Mr. Arthur A. Burroughs, Assistant Division Engineering Manager, for the Company as he recently presented safety award plaques honoring 6,508,930 man hours without a lost time accident to

sixteen departments.

Such a record was made possible by the "safety consciousness" of each employee in each of the departments who was willing to take a little extra time or make a little extra effort to do his or her job the safe way.

To qualify for such an award, the Department must have worked a minimum of 250,000 man hours without a lost time accident.

The record for the longest period of time without a lost time accident was set by the Pulse Transformer Department, James Nicol foreman, with 862,664 man hours.

Accompanying Mr. Burroughs and assisting in the presentations were Arthur Mathews and Anthony Sacco, Director and Assistant Director of Safety respectively.

On pages 4 and 5 of this issue will be found pictures of each of the Departments with their record.

Frank Garlington Added To Management Club

Frank Garlington, Manager of the North Adams Interference Control Field Service Laboratory, came to Sprague Electric in December of 1955 from the General Electric Commercial and Government Equipment Department in Syracuse. Prior to April of 1957, when he assumed his present post, he served as a Senior Engineer in the Research and Engineering Department.

He is married to the former Elizabeth Bray of Washington, D. C. and they have two children.

Se Ofrece Curso En Espanol

Anyone interested in reading the above headline should contact the Training Department on extension 389 as soon as possible.

In answer to a number of requests, plans are now underway to present a Spanish course at the Marshall Street Conference room in Building 9 commencing the latter part of September.

The course is open to all Sprague employees and will be held dependent upon the attainment of a sufficient number of interested students. It will be geared to the student who has no language background. Although the intent of the course is to assist our Sprague International employees in their dealings with our Puerto Rico operation, all employees are invited to participate.

The course is being offered at a very low cost of time, money, and effort. The sum of approximately \$40.00 will cover the cost of instruction and books, and one and one-half hours per week for 36 weeks covers the time.

A certificate will be awarded by the company upon successful completion of the course.

Suggestion Awards For July Total \$120

Four employees shared \$120.00 at the July meeting of the Suggestion Committee, as the years total mounted to \$1828.00.

Frank Morandi of the Can Shop walked off with the month's top award of \$50.00. Close on his heels was Ed Ducharme of Formation whose idea netted him a \$30.00 award.

Continued on page 2, col. 4

"Where Our Products Go"

The insert photo shows Magnetic Switching Transformers, manufactured by the Special Products Division used to form a part of the plug in board for electronic equipment furnished to Convair by Melpar, Inc., for use in the B-58 Hustler. The huge bomber has 16 tires on the main landing gear, is powered by four jet engines, and carries a crew of three.

Free Chest X-rays

Mac Filiault, foreman of the Small Order Department on Marshall Street, explains the free chest X-ray program to Dolores Lipinski, Alda Roy and Eloise Brown. Schedules have been compiled and X-rays will begin August 25th in each of the three local plant cafeterias. The Company, in cooperation with the Berkshire County Tuberculosis Association, is offering the service free of charge to all North Adams employees.

Introducing "Miss August"

Taking full advantage of the summer season is the charming Miss Gerry Macchia, of the Personnel Department. Gerry recently vacationed in Puerto Rico where she acquired that lovely tan. During the winter months much of her time is spent at the bowling alleys as President of the Girls Bowling League.

Names in the News

PETER HORBAL, Cost Estimating, was recently named secretary of the City's Special Advisory Committee on Finance. Present at the meeting was NORMAN D. SCHULZE, Plant Engineer, Chairman of the North Adams Redevelopment Authority. Also serving on the Finance Committee is FRED B. WINDOVER, Sales, who had been serving as temporary chairman of the Committee.

PETER MANCUSO, Production Engineering, recently attended the 34th International Y's Men's Club Convention at Santa Monica, California. At the convention were representatives of 31 countries. Mr. Mancuso is presently serving as president of the local organization.

EDITH MAYNARD, Factory Accounting, was inducted as District Chaplain at the bi-monthly meeting of the Berkshire District American Legion Auxiliary, held recently in Great Barrington. Miss Maynard is a past president, and is currently serving as secretary of the Adams Unit.

WALTER O'DELL, Western Electric, was awarded a \$10 prize from the Center Sporting Goods Store, after a recent fishing expedition. Mr. O'Dell was among a party of 19 members of the Olean Fishing Club who traveled to Gloucester, Mass., on July 21st. His catch was a 10 lb. Cod.

FRANCIS WILSON, Employee and Community Relations, assisted as judge for the horse show held under the sponsorship of the Silver Spurs 4-H Horse Club held recently at the Taconic Riding Stables.

RAINER ZULEEG, Research and Engineering, was among the 21 Berkshire County residents who became American Citizens at the naturalization session of the Superior Court.

Bloodmobile In September Visit

Blood Insurance Program Announced

The Masonic Temple on Church Street will be the scene of the Bloodmobile's 3rd and final visit for the year 1958 on Thursday, September 4th and Friday, September 5th. The quota for the two day visit is 310 pints.

It was also announced by George H. Bateman, Chairman of the local blood service program, that this area will join the rest of the Berkshire County in a blood insurance program. Provisions of the new program are:

1. For a period of one year from the date of a blood donation, even if only one pint, the donor and his or her immediate family are eligible to receive all the blood they may need, gallons if necessary.

2. People requiring blood and who have not donated, or whose immediate family have not donated within a period of one year, will be furnished blood. They must, however, replace it pint for pint by either themselves, or friends or relatives. People who are physically unable, and whose immediate family are physically unable to donate blood, will be given all that they require without obligation to replace it.

3. The Berkshire County Red Cross blood service emphasizes that no one has to pay for blood within the county, the hospital, however, may charge for administering transfusions.

AUGUST - 1938 FIRST ISSUE HIGHLIGHTS

Editorial . . .

(Taken from the First Edition of the Sprague LOG — August 1938)

Nothing is more vital to the success of business enterprise than a proper understanding between all who are directly engaged in its operation. Our plant may well be compared to a ship, on a modern business voyage, with captain, officers and crew. To steam steadily ahead through varying weather it needs a minimum of restrictive regulations but a workable understanding, on all decks, of matters directly affecting the ship's progress.

This publication is designed to fill the needs of all Sprague workers in supplying timely information concerning plans and prospects for their business. Material describing products, policies, manufacturing processes, sales efforts, future efforts, future markets, plans and ambitions, will be published — that we may have a more complete picture of conditions effecting our future welfare and that of the community.

Considerable space will be devoted to matters of local interest. We want you to know more about developments that take place during the Sprague voyage. We also want you to become better acquainted with the entire crew. Clean-cut stories, pictures and news of athletic, plant and social activities will be published, and everyone is urged to submit such material. It is our wish to make this little paper of lasting value and constructive interest, not only to you, but to your families as well.

The Sprague LOG brings some news, some lighter paragraphs, and some interesting and timely special messages to its readers so that everyone may obtain a better understanding of policies and problems in the hope that we may make Sprague products so well and so efficiently that the market for them will constantly increase. If, with this increase, we could also accomplish a more uniform production volume, one of the greatest difficulties for all of us would be removed.

The Sprague LOG is hereby dedicated to the cause of progress, better understanding, and our mutual enjoyment.

Twenty years ago this month the first issue of the LOG rolled off the presses. The issue contained announcements of births, engagements, weddings, vacations, and miscellaneous items about Sprague employees. The items containing names of employees who are still on the Sprague payroll are listed below. We dare you old timers to read on.

By the way, in order to give more ages away, we are incorporating an article of this type in each succeeding LOG issue. We do hope, however, that it will stimulate memories rather than reveal embarrassing ages.

DO YOU KNOW . . .

That at present (1938) we are utilizing about 160,000 square feet of floor space. That there is another 100,000 not now being used — but immediately available in the event that future demands for Sprague products make expansion necessary.

That at present (1958) we are utilizing approximately 1,755,390 square feet of space in four local plants and eleven branch and subsidiary plants.

That at present (1938) we have fifteen graduate engineers on our engineering and research staffs.

That at present (1958) the Research and Engineering Department boasts 162 graduate engineers.

That over \$800,000 was paid in wages last year, (1937), making the normal Sprague payroll the second largest, on an annual basis in North Adams.

That our annual payroll last year (1957) amounted to \$21,400,117.

NEW ARRIVALS

A daughter, Mary Ann, was born to Mrs. James Dilego of the Main Office. Mary Ann is now employed in the General Accounting Department.

A son was born on June 21st to Mat Nazewski of the Research and Engineering Department.

Suggestion Awards

Continued from page 1

An award of \$25.00 went to Charles Landry of Ceramics who came up with an idea to prevent injury in performing an operation in that department, and \$15.00 went to Jeanette Beebe of Miscellaneous Dry Text Finish and Ship of Beaver Street.

WEDDING BELLS

At the Mary of Assumption Church in Cheshire, Geraldine Santolin, Paper Assembly (now of Sandia) became the bride of Bruno Giusti, Sandia.

Miss Marion Murphy, Mica Department (now of Hi-Reliability, Beaver Street) announced that she has been Mrs. Marion Andrews since January 6, 1938.

Miss Mabel Letourneau, Mica Department, was married to Art Kellar, now of Metal Clad.

Miss Roma Desrosier, Paper Test, married Harold Sweeney, Impregnation Dept. (Now of Brown St. General).

Mabel Bunting, Boxing Dept. (now of Filter Development) announced her marriage to Busbee Williams, Oven Dept.

John Puppulo, Chemical Control, (now of the Concord Plant) will marry Lena Del Debbio on September 24, 1938.

Joe O'Brien, Inspection Department (now of Product Engineering) married Doris O'Malley.

NEWS ITEMS

The following employees attended a 15 day tour of duty as members of Company K, 104th Infantry Regiment, Massachusetts National Guard: First Sergeant Leonard Lewitt, Sergeant Charles Belouin, Corporal John Shields and Private Harold St. Denis.

Mr. and Mrs. Lewis Cronin spent their vacation in Nova Scotia.

Mr. and Mrs. Robert Teeple spent their vacation in Ohio visiting relatives.

Mary Curie, Boxing Dept. (now of Miscellaneous Assembly and Parts Preparation) took her vacation the week of July 18th.

June Lamoureux, Rolling Dept. (now June Chenail of Advertising) registered at Hampton Beach.

Rita LaPine, Sample Dept. (now Rita Bishop of Research and Engineering) vacationed at Lake Lauderdale.

Clarence Pratt, Maintenance, toured Maine and New Hampshire, during his vacation.

Bill Brundige and Howard Sherman spent their vacations fishing in Vermont.

Certificates

Continued from page 1

and Community Relations, acted as Master of Ceremonies and gave a brief outline of the course content to the participants and guests. He pointed out that the courses are related in many ways to the job related.

These five smiling faces belong to the children of George Coody of the Maintenance Electric Shop on Marshall St. They are (top) Carol, Michael, Eddie, (bottom) William and Phyllis. Their grandmother is Catherine Coody, F. P. Assembly, Marshall St.

Catherine Hope Pratt, 16 months, is the daughter of William Pratt, Test Equipment, Marshall St. Hope is one lucky girl to have her Daddy an experienced photographer.

BUSY BEAVER NEWS

Check Inspection

by Helen Bryce

First of all I wish to send best wishes to all who had birthdays and anniversaries during the month of August. As you know there was no news from Check Inspection in the July issue, the reason being your reporter was on vacation. Speaking of vacations, quite a few C I's had theirs in July. Your reporter spent one very enjoyable week in Long Island and the second week at home resting. Adele Gowran went to Hampton Beach. Josey Magnifico and Phyllis Parker spent their vacation at home. Louise Bass took a very nice trip along the coastline of Massachusetts. Bill Hermon journeyed all the way to Florida and Ceil Mikuszewski spent two weeks home adding to the tan she recently acquired in Florida. Check Inspection was also represented at Camp Drum where George Senecal and Leo Patenaude spent two grueling (?)

weeks. Marilyn Daub is sporting a very nice pink station wagon. Some Class! While Mrs. W. is away, Ralph is introducing Chuck to all the beaver dams in the Heartwellville mountains. Doesn't leave you much time for your housekeeping does it Chuck? One week-end recently Walter Gould went all the way to Proctor, Vermont to catch trout, but came home with so many bullheads he couldn't give them away. We suggest you try a different bait, Walt. Until our next issue have fun in the sun.

Plating

by Joe Pilling

There isn't much going on now except for vacations. Harry Paesler spent a week at Martha's Vineyard and Cape Cod. Charlie Koslowski spent two weeks at home. Yours truly spent a week in Taunton, and Boston where I watched my favorite club in action. Ness Robert spent his second week at home, making one day trips to several places. John Murach spent one week at Lake George and some of his second week feeding the horses at Saratoga. We were sorry to hear that Loren Estes had such poor weather for his camping out. Latest flash — Mike Becker is going to have his car painted. What color, Mike??

Pulse Transformers--Nights

by Betty Barcomb and Lil Fenton

Rita Theberge spent her vacation in Maryland where she visited her daughter, Jackie. By the way Rita you have a nice tan. Her daughter, Norma, has left for Arizona to be with her husband, who is stationed there in the Army. Bina Cironi spent her vacation in Granby, Connecticut and Rhode Island. Betty Barcomb took her two children to the Catskills and the rest of the vacation was spent just shopping, eating and resting. Her daughter, Gail, had her tonsils removed and is doing very well, she's eating enough for three now. Justine Miner spent the 4th of July in Wilmington at her camp. You really enjoy company, huh, Justine? Her daughter Jean won "honorable men-

tion" in the pet contest at the Houghton School. Lil Fenton's daughter, Shirley, won the pet contest at Freeman School, and of all things, her baby brother Dickie, was the pet. Some pet, Lil. Rita Brooks spent three days in Rhode Island. Glad you enjoyed yourself, Rita. Alice Burdick had company from Illinois for a few days. Betty Barcomb's daughter, Michelle fell backwards in a bucket of water and since then it has been hard to keep her from swimming. Teresa, would you like to hire your baby sitter for housework. Al Palmer spent the 4th of July weekend in Readsboro, where he really celebrated the 4th. By the way the name of Justine Miner's camp is "Over the Hill". Mary Lizak's daughter, Lorraine, is spending six weeks in Linden, New Jersey with relatives. Madeline Kaczowski's daughter, Lynda, had the measles quite badly, but she is O.K. now. Madeline goes mushrooming a lot and loves it. How's that garage coming along Madeline, the one for that new car. We wonder what Noella Shepard has been doing for excitement as she is always full of grins, lately. How did you enjoy your shortcake, Anne. What will you promise Jackie next time he gets good marks, Frances? Boy, his bicycle must be nice. Hope you enjoyed our news, see you next issue.

Special Products Division

by Florence Clough

We still have people going on vacations. Frank Torchia spent his at Camp Corporation at Windsor Pond in Plainfield. Nicky Moloff is trying to make up her mind whether or not to go camping or rest up around home. Yours truly will spend a week at home and a week at Lake George. Clare Pedercini and family welcomed home her brother Roger from his 18 month stay in Germany as guest of the U. S. Army.

Shift Registers

by Helen Burdick

Hello again. I would like to welcome all the newcomers and also all the girls who were called back. Congratulations to Hazel Goodard on the birth of a new grandson. Your reporter is also a proud grandmother, my daughter, Betty, having given birth to her second son. Marion Parrino hasn't any grandchildren but a brand new grand-nephew. Congratulations to all the proud parents! We are sorry to see Mary Bua leave the department, but at least she is still in the same room. Good luck, Mary! Celina Gigliotti, Hazel Goddard, Hazel Bass, Myrtle Crofts, Ray Blair, Lloyd King, Jane Pollock, Doris Forgette and myself all have had our vacations and now we're looking forward to next year's already. Theresa Morin (alias Limpy) is having her spell of bad luck. She is being treated by the doctor for a sore toe, leg and neck. Hope he has the right medicine. Ray Blair is a mighty happy person these days. His

son, whom he hasn't seen in four years, is home with his wife and his two sons, after having been stationed in Japan. This is Ray's first introduction to his daughter-in-law and grandsons.

Small Order Surplus

by Rita Sullivan

Vacations are right at their peak. Everyone is either coming back or leaving for a rest or a trip. Hazel Martel has returned from a week at Wellfleet on Cape Cod and she has the proof that there was plenty of sunshine. Mabel Keller, Winifred Knowles and Melwood Downs all enjoyed a rest at home. Mabel is looking forward to her week soon. Rita Sullivan spent one of her weeks enjoying the sunshine and water at St. Albans Bay, Lake Champlain and a visit to St. Jeans, Canada. Mary Bator enjoyed her vacation on a motor trip to New Hampshire and stopped off at Hampton Beach. Mary Chalifoux visited Niatic Beach in Connecticut while on her vacation, with husband Roy, and son Donald. Patricia Joseph spent her two weeks relaxing at a cottage at Cheshire lake. Now Pat is taking up fishing for a hobby. Don't let the big ones get away! Maude Sullivan enjoyed a weekend in New York City, recently. Margaret Dempsey and husband enjoyed a weekend in Hartford, Conn. Our Check Inspector Josephine Magnifico spent her two weeks on motor trips and picnics with her family. Mabel Thatcher is busy these days planning her trip to England early next spring. We are all beginning to believe she has a Duke or Lord over there and that is the big attraction.

Film Products

by Nina Underwood

Jerry Shartrand enjoyed a trip to Rochester, N. Y. to visit her daughter and family, while on vacation. She did plenty of fishing too. Ora Boyer spent her vacation at Cape Cod and reported good weather and good swimming. Bertha Moreau vacationed at Lake George, the Adirondacks and the Thousand Islands. Marcie Poirot, Mary Bishop and Nina Underwood spent vacations at home. Mary Bishop's son, Richard, was married on July 5th in Notre Dame Church, Adams, to Mary Jane Serre. We all miss Ida Decoteau who is ill and hope she will soon be with us. Bill Lauth is sporting a nice new Nash Rambler. Kit Courtemanche recently motored with her husband and sons to the Catskill Game Farm and Carson City.

Misc. Paper Assembly

by Adele Solari

We had to say "so long" to another co-worker of ours this month, George Messina, who has left to accept a position with the Jones Division. He was presented a check from his co-workers. We will all miss you, George but want to wish you the best of luck. Welcome back Ruth Arrighini. Doris Williams and Rose Lampiasi. James Dean has returned from a week's vacation which he spent with his family at Windsor Lake in Plainfield. Emma Busby spent a week's vacation at Old Orchard Beach. Anne Malloy spent two weeks at home and was visited by her mother. Helen Harrington spent two weeks visiting a daughter in Pittsfield and relatives in Vermont and New Hampshire.

Can Shop

by Cliff Domenichini

Bud Valley purchased a real big swimming pool for his backyard.

Happy splashing, Bud. Robert Haas is still trying to make a tractor so he can have a big garden next summer at his new residence in Pownal. Frank Morandi spent the first week of his vacation being ill, however he recovered sufficiently to enjoy his second week, spent at his camp. Robert Bliss spent his week's vacation resting at home. Walter Rogowski has bought a car, his first; however, he has yet to learn to drive it. Ralph Mariani spent two weeks with Company K as a cook.

Bathtub Assembly

by Jessie Meczywor

Farewell to George Costa who left us to go to Drafting. We all wish him the best of luck in his new job. At the same time we would like to welcome Frankie James who is going to replace George. Jeff Barry spent his vacation on Blueberry Hill. Yours truly went to Long Island, picking clams in the ocean. Mickey Snieczech chose Hampton Beach for her destination and Vivian Dale went all the way to Canada to do some fishing. We also would like to welcome Connie Boschetti back after a leave of absence.

Metal Clad Assembly

by Lillian Gainer and Ada Blair

A hearty welcome back to Pearl Walker and Claire Poirot. After a month's visit here Helen Baxter's son, Harry, and his wife and son have left for Philadelphia, where he accepted the pastorate of the Congregational Church. Hope that Ada Dion has recovered from her recent fall and that she was able to go to Canada to see her brother and his family. Margaret Fitzgerald is taking life easy these past months. Upon her recent visit to Springfield, where she attended a wedding, we are told that she looked so lovely she could have passed for the bride. Why doesn't Barbara Campedelli wear riding breeches to work? Say if anyone ever gets the chance, just ask Jennie Pincombe about Mrs. Murphy. On July 15th Alice Roberts was happily surprised by the presentation of a lighted birthday cake and gifts. Never knew anyone who enjoyed the home and yard anymore than Harold Norcross does. Shades of the Barney Stone and Shamrock if we haven't heard from our Irish Colleen — one Catherine (Irish) Scott of Cheshire, who called up Mary Cozzaglio to tell her that she stays in touch with all the co-workers through our LOG news. Gioia and Tony Zappone, with son Jimmy vacationed at their camp at Windsor Lake. Happy retirement and all the best of everything to our former co-worker Mary Bennett. Viola Miller was certainly the proud grandmother when she was telling us about her granddaughter Christine St. John, daughter of Ruth, who is employed in Tantalum, Chris recently took part in a Dutch Scene for Terri Gigliotti's Dance Recital. Congratulations to Rose Blair's son John, upon his graduation from Drury and his forthcoming entrance into State Teachers College. Alyce French certainly needs to have the larder well supplied with meat to keep cute little 2 year old daughter Dawn Lee happy. I understand that the recently held "cook-out" stork shower held for Dot Blondin at Corrine Button's home was a huge success. About 17 girls attended and prizes were won by Maria MacDonald, Dot Blondin, Virginia MacDonald, Mary Blair and Beverly Daigneault. Dot received many gifts and everyone had a good time. Sure and it's enough to light up the gloomiest day to see the ever present smile on Traffic Officer Walter (Scotty) Grave's face, our former co-

worker...If you want to discuss bumper crops just talk to Jennie Burdick...Clyde and Maria Mac Donald are making plans to motor up to New Brunswick, Canada, to visit with his people on their vacation... Lillian Gainer hates to see her baby god-daughter, Debbie, start school... Ada Blair is living on cloud No. 9 these days with the preparations for her forthcoming wedding, which is planned for Saturday, Oct. 4th... We wish to be remembered to our former co-worker Mary Lepera Getz, who with her husband will be visiting in Pittsfield...A memo to the love-lorn: "If it is advice you're seeking please consult Helen Korzendorfer", that gal remembers...On Thursday, July 31st, some of the girls in the department and quite a few from the Rolling department were invited to a cook-out picnic miscellaneous shower for Rose Blair's daughter-in-law. Kay recently arrived in this country from Fuchi, Japan, along with her husband Staff Sgt. Raymond Blair, Jr., and their two sons Jimmy and Johnny. It was held at the home of Mary Troia, sister to Rose... Vacation time will see Leona Millard, Jennie Burdick, Catherine Letalien and Maria Zelazik spending their's at home. While Virginia Mac Donald has plans that will include Detroit as the site for her vacation. That is all for now — see you next month.

Industrial Oils Rolling

by Erminia Sweeney

Well everyone has returned from their vacations. Welcome back to Ann Wabnig...Liz Slattery had her daughter and children up for the holidays. At the rate her grandchildren are increasing, she sure will be needing a larger house...Hello also to Dot Bastien...Rose Dupree is on her annual vacation visiting in Schenectady for a week. Anna Sacco and your reporter spent their vacations at home. Millie Kearns went to Nevada for two weeks. Helen Falco spent hers at Old Orchard Beach...The sample girls got together one day and paid a visit to Blanche Newlands, a former co-worker, who now lives in Beverly, Mass. We hear she has a beautiful new home...Kenny Russell and his wife toured around the States and did some shopping...Nancy Habel spent her vacation at Old Orchard Beach. Ronnie Hurlbut has returned from two weeks maneuvers with Co. K... Lewis Cronin has opened an antique shop on Union Street. He has a fine selection and we understand he would welcome all interested persons... Kenny Russell was presented a beautiful birthday cake. Sweet sixteen eh, Kenny...Your reporter picked up a young robin the other day and was immediately given chase by Pa and Ma Robin, so sought safer quarters indoors...Francis Delisle has returned from his two weeks vacation... Congratulations to Ralph Burdick on the birth of a new son, which makes the number three, all boys... Martha Clark is still reminiscing about her two weeks vacation which she spent travelling...Ralph Burdick was presented with a gift for his new arrival from the fellows and girls of Clorinol... Ann Heath and Bill Sheldon have been busy making beautiful Dritz rugs...Marie Dargie and her family spent two weeks at Lake George.

High Quality Line

by Mae O'Neil

Hi folks: Sorry I missed the last issue but yours truly was on vacation at home. Also spending their vacations at home were: Larry Brothers, Rena Brassard, Paul Sanford who also

did a little camping and fishing. Those traveling around a bit were: Gert Schmidt, Gerry Cummings, Angie Granger and Mary Burlingham...The welcome mat is out for Gert Noel, Mary Zito, Catherine Scott, and Dolores Bailey... "Hi" to our "old friend" Sadie Mercier, hope she returns real soon. We miss her dancing to the accompaniment of Maude Waska's singing...C.U. next month.

Ind. Oil Cover Assembly

by Isabell Witherow and Ann O'Dell
Well looks like vacations are under-way now. I hope when Lil goes on her vacation she doesn't lose the "birdie"...Isabell's nephew, Kenny, spent fourteen days leave with her and then returned to his ship at Newport, R. I. The best of luck with your Navy duties...Guido has finally learned how to play baseball, we hear he *was* doing fine. Henry doesn't play baseball but he sure can whistle some pretty tunes...Anyone who knows of a formula to keep Kate awake, please dial 3-7207 anytime after 5 P.M... We all received a card from our co-worker Blanche Reid... Katherine sent a card saying she was having a good time despite the bad weather... Red sent cards from Camp Drum, ask Kate about them... Well that is all for now so until next month we hope everyone enjoys his vacation.

High Quality Rolling

by Betty DeMers

Alice Lunney used her vacation to finish up some work in her new home... Ann Fortini spent her vacation in Washington and was accompanied there by her granddaughter, Sandy, who was returning home after spending part of the summer with her grandmother...Gina Cirullo visited in North Carolina... Congratulations to Mr. and Mrs. Ronald Hurlbut on the birth of a son on July 31st; Ida being a former co-worker... Welcome to the new girls who are working with us... Everyone will be glad to know that Vickie Bissailon is home again and looking and feeling just wonderful. We hope she will soon be back to work...Hello to Jennie Gancarz who is still home taking care of her new son... Ruth Perras became a new grandma recently. We certainly have our share of new babies in this department. See you all next month.

Net Works & L.C.C. Line

by Irene Pigeon

Not much news this month, except that vacations are still in full swing... Tom O'Neil at Atlantic City, Clara Lescarbeau at home, Kay McAndrews at home and Roz Vincelette is staying at Vincelette's Grove. John Carey is also vacationing... We are all glad to see that Harry Haddad has recovered sufficiently to return to work... Congratulations to the Bernie Stackpoles who celebrated their 30th wedding anniversary on July 19th. Hope you have many more... We would like to wish Allen Stackpoole, who is the Bernie Stackpoole's son, the best of luck in the pursuit of his studies at R.C.A. Institute.

Industrial Oils

by Dorothy Shea and Bernie Tatro
Well vacation time is at its peak here in department 679. Everyone is thinking of far off places and all the good times they will have... Our general supervisor, Tubby Bianchi is having a little trouble taking his vacation, he has changed his two weeks about 4 times. Seems like something always comes up the week before Tubby is supposed to start. But, he's finally going to make it this month. We hope! Also Bessie Paradis had 2 weeks and called in for one additional week. Seems Bess is having too much fun to come back, or are you doing a lot of work in your flower garden, we think that would be more like it, eh, Bess... Romeo Brusatori is taking his

vacation, rumors are he might go to Florida. Have a good time Romeo. Mary Santelli is also on vacation, but we don't have any idea what she's up to. Someone mentioned Saratoga, and something about horses there. Well don't feed the horses too much Mary... Rose Vareschi also enjoyed her two weeks. Rumors are that she took a long trip to the Latham Shopping Center. We had been wondering if Rose would extend a week, I mean we all know how long it takes to get to the Latham Shopping Center... Dot Shea had one week, but all she did was clean house, and scrub glue off of her hands, we heard. Dot also came back with a beautiful sunburn, which looks like no housework was done at all... Bernie Tatro came back from his vacation, which was spent painting his kitchen and just hanging around. Of course he did go swimming a few times with his mother and father-in-law, wife and new son Gary... Steve Baldyga bought himself a new '58 Chevrolet ranch wagon. He is just awaiting delivery, and there isn't much else he talks about... We hear from the grapevine that Dot DeSanty is having new base-board heat put into her house. The only thing that is worrying Dot is when are they going to start. She has been waiting for two weeks. Well, Dot, the only thing we got to say is don't give up the ship... Lately there seems to be someone who is always singing we really can't figure it out. Could this be Roma King? We think she is thinking about her vacation which isn't too far off... Bernie Tatro is having more trouble with his car again, now the shifting arm had to up and fall off. A hopeless case we would say. What about you Bernie?... We wish our foreman John Muldowney's daughter, Kathleen, a speedy and complete recovery. Our best also to Eddie Lafleche who is ill... Lil Babcock has been transferred from the department. Everyone is going to miss her around here. Hope to see you back with us real soon, Lil... Arthur Morin, Hallick Briggs and Alfred Deane have been laid off from the Department. Hope to have you fellows back with us soon... Charles Felix and family will be having a merry two weeks in their new Dodge station wagon. We expect to hear all about it Chuck, when you come back.

Sandia Cooler

by Evelyn Jones
Vacations have really taken us in all directions this year. Lucille Miller and family went to Florida... Lydia Spooner flew to Texas to see her mother... Laura Delisle visited St. Anne's in Canada... Pauline Buletti went to the beach in Connecticut... Eleanor Alibozek went to York Beach in Maine. She got so sunburned that we hardly recognized her when she came back to work. Next time she vows she's taking a beach umbrella... Rita Charron is looking forward to a vacation at Lake Champlain... Rachel Champney is spending her vacation on Sandia Beach. Her address is 9 Rolling

Catherine Coody has her share of grandchildren with Leslie, Harold and Denise Dustin pictured above. Catherine is employed in the F. P. Cover Assembly, Marshall Street.

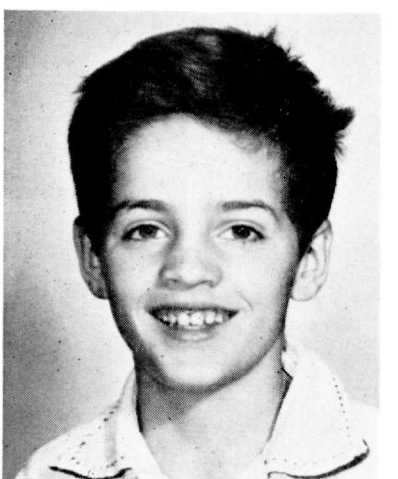

Lane... Visited Vicky Bissailon recently. She is looking wonderful. Keep up the good work, Vicky... Alice Lunney has moved into her new home. We hope that much happiness is in store for her and her family there. We certainly do envy you that kitchen... A farewell picnic for Helen Williams was held at the home of Lucille Miller. Helen received a lovely train case and a few items to put in it. By now she is probably happily settled in her apartment in California... At the picnic for Helen, we were ably entertained by a piano duet by Lucille Miller and Rita Charron, dancing by Joan Giroux and movies shown by Evelyn Jones. Our thanks to the chefs Norman Miller and Norman McClelland... Dorothy Baker was visited by her brother and family from Arizona as they were here on vacation... Well I guess that's all for now. I have to pack my suitcase for my own vacation, destination unknown, you will just have to wait for your card.

Network Rolling

by Millie Conroy
News time again, so here goes — a lovely picnic was planned for Helen Williams who is leaving to live in California, but the weather was wet and the cook-out turned into a cook-in. The party was still hailed as a success. The party was held at Lucille Miller's home. Helen received a very lovely gift of Samsonite luggage and also a water keg for when she crosses the desert. Our very best wishes for the best of everything go with you, Helen. Also, we had other excitement, Lydia Spooner spent her vacation in Texas visiting her family whom she hadn't seen in 14 years. She said they celebrated everyday with parties, and she is still in a whirl. I hope it isn't another 14 years until your next visit. All that happiness should be spread around... Joan Giroux had a wonderful time at Hampton beach, the weather was not too good but they had fun anyway... Laura Delisle had so much fun in Canada she did not want to come back. All vacationers have the same complaint, time passes too quickly and we have to wait another year before that time comes again.

Dickie and Tommy Lussier, sons of Doris, who also is employed in the Small Order Department, Marshall Street.

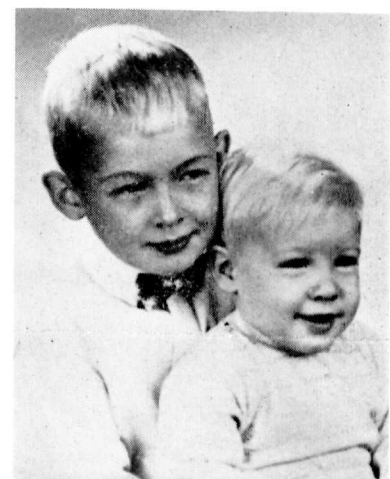

Industrial Oils

by Ann Heath and Martha Clark
Congratulations to Elva Hurlbut on the birth of a new grandchild, who has been named Jeoffrey Brian Hurlbut, son of Ronnie of Industrial Oils... We hope that Dot Pringle will soon be feeling better... Vacationers are: Elizabeth Jones at Hampton Beach; Paul Bouchard at home; Rosina Cozzaglio at home; Elva Hurlbut in Boston; Charles Zocchi and Bill Spencer a week at Saratoga. Miles and Ann Heath got caught up on their visiting. Stella Maledoo spent a happy week with her granddaughter. Martha Clark spent a week in Florida (mountain of course)... We enjoyed Bill Sheldon's solo recently... We're sorry to see Leona Lamoureux and Catherine Sawyer leaving and hope it won't be too long before they are back... Teddy Mirante and Bernard Cardonnel spent two weeks at Camp Drum.

Filter Development and Coil Winding

by Lucy Kenney
We all had a nice visit with Frank Stawarz who was home on leave. He is stationed in California with the Air

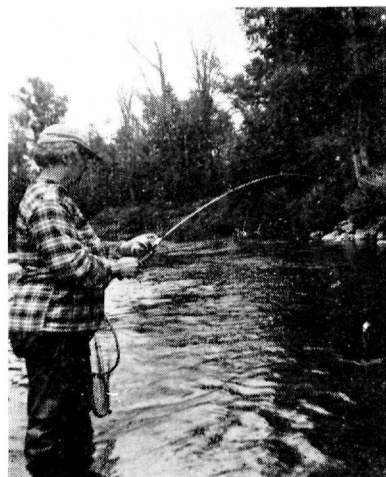

Shirley Harris of Small Order, Marshall Street, claims this handsome pair. They are Michael and David Harris.

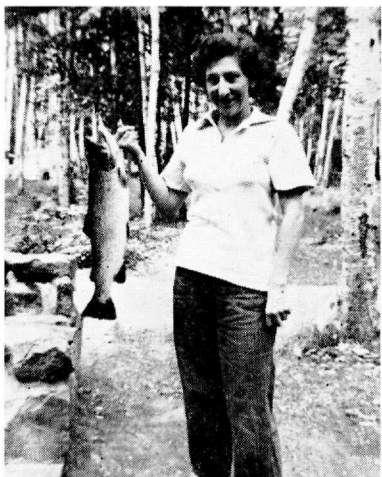

Mr. and Mrs. Angelo Ciavearello, the former Josephine Aragosi of the Tantalum Dept., Marshall St., is shown with her many cousins. Josephine was married on June 23rd in Pompeii, Italy.

Guess Who? None other than LOG reporter, Edith Fields of F. P. Owens and Cover Assembly, Marshall St., fishing in the Westbranch in Willmington, New York. (right) Edith's daughter-in-law, Gertrude, a former employee, displays a portion of their catch.

Marge Callahan of Dry Rolling, Marshall Street, models the new look in chemise -- ? Just what is it, Marge?

Force. Frank refuses to forget the game "Drop the Shuttle"... Frances Biondo walked out of her shoes one morning on her way to work. But you know, she made it. Good girl, Frances... Everytime Mike Morin has a golf match it rains, so he bought a beach umbrella and Art Cardinal his caddy carries it around the golf course, so Mike can play a few holes of golf without getting wet. He is as bad as Joe Moreau, when he goes to the ball game, all they get is rain, rain, and rain. Joe spent his vacation at the Cape and Mike at Lake George... It is good to see Virginia Delisle again. ... Stella Beauchamp just dreams of New Mexico. It won't be long before she will be planning another trip to the beautiful white sands... Betty Battersby was the Peach on the Beach this year... Yours truly will spend her vacation on the shores of Connecticut and the Green Mountains.

Quality Control

by Ella M. Dunsmore

Ronald Whitney and Andrew Durocher spent 2 weeks at Camp Drum. ... The Control Lab softball team was on a hitting spree in their game with the Machine Shop. Every man on the team had at least one hit. John Kelley and Jimmy Lynch led with four hits each in five trips to the

plate. Final score 22-2... Ella Dunsmore and her family spent a few days at New Bedford and the beaches on Buzzard's Bay... We heard of a new item for the evening menu. Known as the Golfer's Supper. It consists of cold shoulder and a lot of tongue. Sound familiar to the golfers?

Centrifuge--Marshall St.

by Donald Lapine

Vacation time to some is a thing of the past, to some a thing of the future. Those of us who have taken the well earned rest are: John Sullivan, one week at Lake Champlain, Percy Bordwin two weeks in Canada. Yours truly spent one week at the seashore and at Savin Rock in Connecticut. Harry Embry enjoyed two weeks traveling. Robert Stanton spent two weeks in New York State. Oliver O'Dell spent two weeks in Pennsylvania and also at Lake George. Walter Wolfrom spent two weeks at home. And Joe Murach spent two weeks at Mt. Greylock. Needless to say we all enjoyed our weeks of relaxation.

Heat Seal

by June Rock

Kenneth Suprenant is back from his vacation. He and his wife spent a few days at the Cape and traveling near Boston. His second week he spent at home. You sure have a nice tan... Julia Cirillo had quite a few guests at her home this summer. Her daughter Eleanor and her granddaughter Joan, her daughter Catherine and her husband. From all reports everyone had a nice time... The mystery of the Heat Seal Dept. is who took Gouch Morin's paint thinner. If found wandering through the plant please return to Gouch... If anyone wants to know about the movies, especially the drive-ins, please consult our expert Agnes Jolin. She knows all about the latest movies... Agnes Jolin recently became a god-mother. Congratulations.

Dry Rolling and Western Electric

by Nancy Harvey

Flash No. 1: Safety Award... First of all, we of the Dry Rolling Depart-

Ready for the Drury Prom is Bob Lincoln and Connie Blanchard. Connie is the daughter of Millie, formerly of Coil Winding, and granddaughter of Doretta Blanchard, Tantalum, Marshall St.

ment would like to brag a bit about our recent presentation of a safety award for having completed 371,128 hours without a lost time accident. We hope to continue the good work. ... Flash No. 2: Driving News: Claire Gliwski recently passed the test for her driver's license, and now all of us are using more caution on the roads! ... Gladys Costello, who has had a driver's license for quite some time, but never used it, has decided to drive again, now that she has a new car. Yvonne Nadeau is taking her out these nights to help her brush up on her driving skill. We wish both of you lots of luck, and also the pedestrians! ... Dorsey King is teaching his wife to drive now. We think it's about time she sat in the drivers seat! ... Dot Mellilo is a very dependable driver. No matter where she goes, she always gets mixed up and ends up on a road leading to New York. Who's for New York? Dot will take you. ... Flash No. 3: Baseball: Miles O'Grady tells of a heart breaking loss of a softball game recently. He told the story inning by inning, and so vividly, that tears streamed down the faces of some of the listeners, who are known to have hearts of stone. Why don't you write a book Miles? We know it would be a best seller. ... Flash No. 4: Fishing: Most of the fellows have stopped bragging about all the fish they caught. Guess they have been having a dry run. But not so with Joe Allard. He'll manage to catch one, by hook or crook. The last time he got one, he had a terrific struggle, but after coaxing the fish with liver, dog-food and finally cracker-barrel cheese, he came up with a dandy. I think it was 5 inches. What some people won't do... Flash No. 5: Embarrassing Moments: Some people can get themselves into situations without half-trying. Kay Clifton is a fair example. She just about knocked herself out one night while watching a neighbor's dilemma, and attempted to go to the rescue. Who rescued who, Kay?... Flash No. 6: Woman's World: There's something new in ladies lingerie, and Anna Toniatti has it. We call her Jane now because she reminds us of Tarzan, with her leopard skin unmentionable. It's really quite "chic"!... Flash No. 7: Best Wishes: Ceil Tatrow, who recently underwent surgery at the North Adams Hospital, she is now convalescing at her home. We all wish her a speedy recovery, and hope she will soon rejoin us. ... Question Corner: 1. Why can't Anita Gibeau get by the wagon at any time without buying coffee?... 2. Why couldn't Adam Novak go to the outdoor movies the other night, when he was almost at the ticket office? It's rumored he left his wallet at home. ... 3. Ever hear of the new soft drink called Bubble Up? We never did either, until Mary Johnson told us about it. We were all unbelieving, so she brought a bottle in to prove it. By the way, she didn't even give us a

sip!... 4 See you all soon again and until then, "Don't worry about avoiding temptation, as you grow older, it starts avoiding you."

Advertising

by Janice Harriman

Vacation time for the Advertising Clan has come and gone for another year. The edge of anticipation has worn down to a dull ache for those seven glorious days when we didn't have to think about the jobs that lay ahead... Ah! What a glorious time Helen Goodermote had lazing on Hampton Beach, her yearly retreat. Jan Harriman traveled further up the Atlantic Coast to Old Orchard, camping out under the rainy sky. Helen has a marvelous tan, Jan returned water-logged... Barber's Pond was the choice of Bernie Barbeau. The success of her vacation was attributed to mosquitos as large as the F-80 Jet and snakes carousing in the water... Fran Cyr, Dorene Sadlow, and Pearl McGovern spent their week-with-pay at home, resting? I understand the restful hours were spent housecleaning — UGH! Milt Cohen was also a stay-at-home but packed his wife and three boys into the car everyday for a short jaunt to scenic areas... Mitzi Ozolins and Nora Zauls, members of the buddy system, are vacationing together, yet separately? This makes sense? Actually, Nora is traveling south to New York City and Mitzi is going north to Lake George... Junie-Bug Chenail is waiting until the last possible moment to leave us for a week. No definite plans have been made but she rubs it in that her vacation is yet to come—Lucky girl!... John Lee was very secretive about his time off. As yet we still haven't been able to third degree him into spilling-the-beans. John has been offered a spot on the "I've Got a Secret" show... Norm Favreau spent two wonderful weeks at Camp Drum where, I understand, he was offered all the courtesies an Army man should have. Breakfast in bed, steak every night, night club life, etc... And so we say goodbye to our well-paid freedom for another year. The griping and groaning will begin anew—what would we do without it?

Ceramics

by Ida Gigliotti and Lee Grillone

We are glad to have Josie Dean back after being out on leave. She finds we haven't changed much but Josie is sporting a new shape... Speaking of shapes Celia Shanahan went shopping for a dress and was already to purchase it when she was informed it was a maternity dress. Was Celia's face red, for Celia is one of our happy bachelor girls. It goes to prove that the new maternity clothes are prettier then ever, and you can't tell the difference, huh, Ceil... Lee Grillone is back from vacation sporting a nice tan... Gerry Coyne is going to Lake George for her vacation. George Maxwell, Helen Gould, Jean Ferris, Wanda Scarpitto and Ann Little all enjoyed their vacations recently. Also with this group was Silvio Volpi. They all agree vacations are always too short, be they a week or a month.

Shipping

by Cecile Trudeau

Vacations: Betty O'Dell went to Benson's Animal Farm and Worcester for her vacation. Emma Jobin is enjoying a week's vacation at her camp at Lake Lauderdale. Mildred Waterman is spending her vacation at Hampton Beach and Boston. William Sharron went to Hampton Beach and the Cape for his two weeks vacation. He also went to Plymouth to see the Mayflower. Dolores Fletcher and son Gary spent their vaca-

tion at Bridgeton, New Jersey and Atlantic City. John Burdick is going to New York and Hampton Beach for his vacation. Herbert Brown has moved from Veazie Street to River Street and is now settled in his new apartment... June Rock and Cecile Trudeau visited June Kimball, a former co-worker in Great Barrington.

Production Engineering

by Eileen Brown and Helen Tatro

To begin this issue for the month of August we are happy to welcome back Betty Jones to the department. Betty was out on leave and now has a son to be proud of... Joan O'Neill took the remainder of her vacation the first week of July and Fred Crosier spent the last week of his vacation returning to Cape Cod to do some more sailing... Champ Delisle spent the first two weeks of July at Camp Drum — We doubt if it was much of a vacation, so we hope you enjoy the week you spent at Cape Cod... Paul Raedel too! his two weeks the first part of August, no destination in mind... Ernie Mason has a full schedule planned for his week. Visiting his folks in Boston, then heading slightly south and landing in New York City... Shirley DeMarco plans to visit relatives in New Jersey for her vacation. We hope everyone manages to get where they're going and has a good time doing so... Bob Diodoti came back after a two weeks vacation looking well and rested and ready for another good year's work. That is it as far as vacations go this month, but we will soon be hearing wedding bells come September when Elaine Decker says "I Do" to Don Jagello. September 6 is the big day... Joe Wood certainly was a proud person on July 13th, when his wife Shirley gave birth to a son. Shirley is the daughter of Corrinne Gallup, so that makes her a grandmother three times over... Helen Tatro has been out on a leave of absence due to illness. We hope you will soon return back to work, and, back to the best of health... Roberta Quirk has been shopping around for those little things lately. We are indeed happy to hear that they are for the blessed event she is planning in February... Dick Brike has been nervously pacing the floor these last few weeks, but we hope you have calmed down by the time this issue goes to press... Ann Berg went to the Dry Division to work for Fred Crosier, and Eileen Brown went to Brown Street to work for Paul Teeple. We hope you both like your new jobs as we are sure you will... For those of us who are Yankee fans you can plan on the World Series, but are there any predictions for the National League. The Milwaukee fans hope to repeat last year's record — But? ? ?

Formation

by Harry Trombley

Bill Davis proudly displayed a snapshot of his new offspring, being held by his wife, Evelyn and beaming Daddy... Benny Lancto spent his vacation fishing and from all reports was one of the lucky ones... Rocco Vigna and his wife, Lorraine, held open house on the spacious grounds of their newly purchased home... Joe Danforth and Larry Clark are often deep in discussion, it looks real serious most of the time.

Tantalum

Amelia Koza

Ruth Harris spent her vacation on a fishing trip to Lake Champlain. Did the big one get away?... Eunice Gentile and Rita Decoteau at home just relaxing... Gladys Roy camping at Windsor Lake and a trip to New York City... Rita Styczynski at Hampton Beach and a short jaunt to New York City... Bernadette Jones journeyed to Canada for a peek at the sights and also visiting some relatives... Ruth St. John swimming at Hampton Beach... your reporter spent her vacation traveling to the

Cape, Boston and Hampton Beach. ...Raymond Lopardo is the proud owner of a beautiful new home on White Oaks Road. ...Welcome back to our bride Josephine Ciavarella, whose hubby is still in Italy but will join her in the States shortly. ...Welcome back to Phyllis Schmidt, Anita Esposito, Mary Boudreau, Tony Girard and Irene Sahady. ...Stanley Ziaja was a most happy father when his son came home unexpectedly discharged from the Army.

Sample Small Order

by Julia Desrosiers

We are happy to see every one coming back from their vacations looking so rested after having had a nice time. ...Jean Wheeler has a nice spot camping at Whitingham dam. ...Gladys Dubie at Lake Lauderdale, Bill Armbruster at Hampton Beach. ...Lee Crase sported a nice tan just going places and home. ...Yvette Dubois enjoyed one week and so did Daniel Mahoney. ...Richard Konopka is back after two weeks at Camp Drum. ...Ethel Murphy paid Jean Wheeler a visit at her camp and had a very enjoyable evening.

Check Inspection

by Betty Jangro

Mary O'Dell of DX Department spent her vacation at Lake George. The O'Dells will be celebrating their 22nd wedding anniversary on the 15th of August. Congratulations from the Inspectors and your many friends. ...Our supervisor, Nimrod Nowell made a quick trip to the hospital on the morning of July 24th for an appendectomy operation. Hope you will be back with us real soon. Incidentally, Jane Gross was being discharged from the hospital the day Nimrod was admitted. It seems one of our crew has to represent us at the hospital lately. ...Pat Sullivan has been kept busy this summer remodeling his new home at the Red Mills. Besides working on his home, he has a sideline of playing the trumpet in an orchestra. ...Jim Lewis is busy moving to a new home on South Church Street and is concerned about when he will ever be settled. Don't get discouraged, Jim, it all takes time and imagine the flower garden you can plant next spring.

Test Equipment Engineering

by Mary Cantoni

Welcome to Kenneth Lefave. He was last employed by Uncle Sam, Navy Department. ...That's a real pretty auto you have Ed. You understand that this disqualifies you from membership in the "Test Equipment Camel Corps". ...We understand Maurice Lafond has a new dog. Whoever heard of a "wild Mongolian Parakeet Herder"? ...Ed Lamphier has once again joined our little group. Nice to see you back Ed.

Filters

by Ruth Haskins and Alice Monette

Martha Lewis enjoyed her two weeks vacation swimming and boating at her daughter's camp on Hoosac Lake. Veta "Red" Navarro visited Lake George on his vacation. May Goodermode went to Hampton Beach and returned with one of the nicest tans we have seen in a long time. ...We enjoyed looking at the very good snapshots Marie Lemoine took when she visited the Catskill Game Farm recently. ...Tony Falco spent two weeks with the Tank Company at Camp Drum. ...Marge Richer, Rita Arago and Genevieve Bancroft vacationed recently. Margaret Cirone recently returned from hers. She spent a few days in Poughkeepsie, N. Y. visiting her sister. ...Effie Colvin and Mary Benincasa were recalled to work, which made us quite happy. Effie had just returned from Texas where she visited her son who is in the service. She just missed meeting a famous celebrity who is on the same boat. No other than the Rock and Roll King — Elvis Presley! Effie's

son says that Elvis is just another G.I. and very well liked on the base.

Formation Control

by Larry Clark

Harry Arbour has returned from a two weeks vacation, where he visited points of interest in Canada and also took in some racing. Harry says, "daily doubles are for the birds." ...Art Chonard needs a stop watch now to time his breakfast. It seems he walked into the restaurant one morning after finishing his shift, went to pay for his breakfast and what do you know, there was the stop watch. Time marches on, Art. ...In between his job and golf, Al Volpi finds time to paint a few cars. Good luck to Al in this project, he does a fine job. ..."Fritz" Millis was on vacation for a week. No ball games Fritz, the Yankees were away. ...Pappy Moon is busy in his garden again this year. His tomatoes (six) will fill a 10 qt. pail. Whoops! Hold on "Pappy" — remember no whoppers.

Sprague International Ltd.

by Suzanne T. Lemieux

As somebody said, how can you do things in this weather? ...Before giving up, it might be mentioned that many vacations have been had and they are still delighting our hearts: Marilyn and Joe LoPresto, and Rose and Al Richard had an enjoyable, though somewhat damp vacation at Lake George. ...Bertha Richards says that she and the family loafed and lounged in the sun all day for two weeks. You can tell by the tan that she's not joshing. ...Marilyn Soha's vacation may be over, but she still manages to pay a social call to Newport occasionally. ...Nancy Kelly is making the rounds on week-ends: Lake George, Ocean Beach, through fog and ice, etc. And still, she manages to be alert, comes Monday morning, and to straighten things out when our shippers think she is shipping curtains instead of cartons. ...Nerco Agostinelli left in a thunderous storm for his vacation which was spent in sunny Puerto Rico, where he didn't even hear the word "Rain" mentioned. He and Mrs. Agostinelli also visited the Virgin Islands and the "Isle of the Cat", which is about 100 sq. ft. and not yet on the map. ...Yours truly and Barbara Simon had a magnificent week at the Cape. Suffice it to say that there was a touch of melodrama to it all, between the mysterious disappearance of the landlady, the strange (!) fascination of Provincetown, the balmy nights in Hyannis, the dashing hustlers, not to mention of course the ordinary joys of beach life. ...Now that they realize how close the Canadian border is, George and Nilda Ferran will probably always carry their passports with them in case they should feel inclined to take a casual ride North of the Border. Tod Morden's was the setting for Barbara Puthoff's birthday celebration on July 19, with atmosphere galore! ...Should the normal summer heat return, Ken Haskins finds that there is nothing as refreshing as the spurt of an obliging water pistol; and, as far as he's concerned, Bermudas should be left to the Bermudians. ...On July 15, yours truly became an aunt, thanks to little Paul Richard, son of brother Ray; and other memorable incidents included trying out water skiing and being promptly engulfed in churning waters. ...An idea has come up making every Tuesday "friendship day". Strangers none, friends all, with a big "Hello" for everyone, etc. If we try that, maybe we'll have a lot more activity around here for next month's column.

Sales Department

by Barbara Belding and Marie Ziemiak

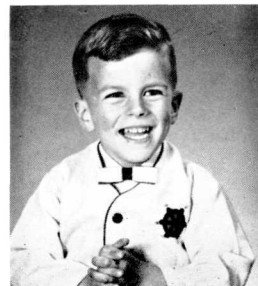

We wish to welcome Viola Tassone and Rita Trudeau to our staff. Viola has taken Lee Parrino's position as file

clerk and Rita is now working for Bill Carlton. Rita was formerly employed on the night shift. We also would like to welcome back Doris McPherson. Doris has returned to assume her position with Helen Connors. Glad to have you back, Doris. ...Among our lucky vacationers we find Nancy Barber, tired and excited about her trip to California. Loyola Fitzpatrick is tanned from her trips to the beach. Mary Zoltek is still talking about the fellows she met at Lake George. Rita Trudeau is still wondering what happened to her money at Saratoga. Helen Connors has accomplished one thing on her vacation, cleaning the barn. Peg Morandi is still sporting a tan from Cape Cod. Shirley Davis spent a couple of days at Lake George. Marilyn Gaffey spent most of her time in Washington, D. C. ...Dolly Rancatti was trying to mend her pretty plaid blouse, we hear you threw it away. Dolly. ...Marie Ziemiak is wondering where to put all her stuffed animals that she won at Riverside Park. ...Although we don't know where the other girls in the office went, we know everyone enjoyed their vacations. ...Jeanette Clairmont is quite excited about the hope chest she recently received. Congratulations, Jeanette. ...Congratulations are also in order for Lee Parrino on her approaching marriage. Lee will be leaving us to join her husband who is in the Air Force. We wish you the best of luck from the girls in the office, Lee. ...This is the first opportunity we had to welcome and thank the summer girls who filled in so nicely for our regular staff, they are Ann Mahar, Mary Lou Shields, and Maureen Messier. We are glad to have you with us girls.

F. P. Assembly

by Grace McConnell

Dukie Abraham spent the week-end of the 4th at her family's summer home in Windsor. ...Dot Lewis attended the July 5th wedding of her niece in Arlington Mass. The reception was held at the Officer's Club at the Bedford, Mass. Air Base. The groom is a lieutenant in the Air Force. ...Lorraine MacKay spent the week-end of the 4th in Springfield, Mass. where she attended the stock car races and was very happy at the outcome. Her favorite, Jocko Maggiano, did very well. ...Roy Cook's son Robert, is one of the 4H exchange group who went to Kentucky for a two week visit. Among the interesting places that they saw on the way were the Gettysburg Battlefield and President Eisenhower's farm. ...While on vacation, Jack Faustini went to Boston and saw the Red Sox play. Art Heyes, Jerry Cole and Irene Pratt spent their vacations at home. Alice Soldati visited friends and relatives in Burlington, Vermont. Rita Cooper went to Hampton Beach. Marion Sherman went on daily trips including a shopping trip to the Latham Shopping Center, and Harold Lowe visited his uncle in Cambridge, N. Y. and his sister in Jamaica, Vt.

Patrick Jay Bradley, 4, is the son of Jeannette, Dry Rolling, Marshall Street and nephew of Pat Trzcinski, Dry Tubular.

F. P. Ovens and Cover Assembly

by Margurite Daub and Edith Fields
We are glad to welcome back Rose Mazzotta after her recent illness. ...We all say welcome back to Doris Harris, Evelyn Lyons, Lena Pugliese, Leona Haddad and Henry Simon. It's nice to have you all back again. ...Those who have enjoyed or are still enjoying vacations are Marie Maxymilian, George Donovan, Joe Messina, Howard Fix, Flora Duquette, Emma Massaconi and Tillie Abuisi.

Machine Shop

by John Walsh

John Murray spent a week of his vacation in Canada. He went there for some nice Lake Fishing, but was kept indoors most of the time due to cold weather and snow. John's streak of luck continued when he was recently trapped in the woods in the Stratton Mountain area for 20 hours, while on another fishing expedition. Glad to hear you made it home all right. Maybe you ought to change sports. John. ...Bernard Barnhart and family enjoyed their vacation at Newfound Lake, New Hampshire. ...David Brown caught a few good fish at Lake Champlain during his vacation. ...George Scarbo was recently operated on at the North Adams Hospital. Hope you are feeling better and will soon be back in the Shop. ...Merle L. Andrews of Pittsfield became the bride of Charles E. Grey, an apprentice machinist at Marshall Street on August 16th. The wedding took place in St. Marks Church in Pittsfield, and the reception was held at the Pine Brook Club in Cheshire.

Purchasing

by Lea Walden

Dotty Roberts, who is back from Florida, has been kept busy replacing the girls vacation bound. We are happy to have Dotty back with us once more. ...Joan Pelczynski vacationed at Lake George. Also at Lake George was Lorraine Trozzi. Emma Jobin visited Montreal, Quebec and St. Anne De Beupre, Emma was fascinated by the Rosary Bridge at Cape de la Madeleine. Marion Langer returned with quite a

tan, acquired at Windsor Lake. Lil Adams and husband fished at Lake Champlain. Mr. and Mrs. F. Jenkins and family vacationed at the Cape. Your reporter and family spent two weeks at Plum Island, Newburyport.

Western Electric and

Misc. Dry Test and Ship

by Emily Wlodyka and Ella Genesi

The following people have taken their vacations during the month of July and the first part of August: Della Remillard, Rita McClintock, Larry and Lucille Labombard, and Edythe Teichert all spent their vacations at home. Clyde Levy, Emily Wlodyka sunned on the shores of Hampton Beach. Marie Paesler went to Hyannis, Jo Collins to Lake George, Flash and Dot Racette camping in New York State. Alice Menard went to McHenry, Illinois; Ella Genesi journeyed to Lake George and also devoted some time to camping in Rowe. Don Roy divided his vacation between New York and Windsor Pond. Rose Coyne went to Detroit and also spent some time camping in Hinsdale. Lucy DePari took short jaunts to different places.

This little Dutch miss is 9 year old Christine St. John, daughter of Ruth, Tantalum, Marshall St., and granddaughter of Viola Miller, Metal Clad Assembly. Christine is dressed for the part she took in Terri's School of Dance recital at Drury Auditorium.

Braving the fury of the "King of the Jungle" are these two brave misses Eva Ann and Susan Shurtleff. George Shurtleff of the Shipping Dept., Marshall St. is their Daddy.

Maureen McCarthy, 10 months old, is the daughter of "Jo", Sandia (Nights) Brown Street.

Catching the fly ball is David Wandrei, son of Wanda, Metal Clad department, Beaver Street.

Mr. and Mrs. Thomas Barham are pictured with their family, (left) Thomas in front, Blain Michael and Celeste Beatrice with their Dad and Robin Rose Marie on her mother's lap. Maternal grandmother is Marie LeMoine of Filters, Marshall Street. Also a grandchild of Marie, is Lisa Marie Vallieres, (right), daughter of Edward and Carol, and niece of Frances Guyette of Brown St.

A belated welcome back to Rose Coyne who has been out on sick leave recently. We sometimes wonder whether Benny Parrino is really such a linguist. You should hear him spell different words in French, Polish, German and Italian. What we would like to know is this, should they be censured???? Soon it'll be time to start making plans for the 1958-59 bowling season. My, how time flies! There's quite a few bowlers in our department and am sure that they're looking forward to another highly successful season! ...That's all till next month. Be seeing you.

Maintenance

by Dorothy Buzzell

We hope the people on vacation this month will have better weather than we have been having lately... Ray Favreau and his wife went to Texas to attend the wedding of their

son. Ray works in the Sheetmetal Shop... Peg Slater of the Maintenance Cost Control is spending part of her vacation in Boston... Judy Kelyer who works in the Maintenance office is touring New York State... Paul Belanger of the Electrical Shop flew to California recently to visit his mother... Bill Isherwood and family are spending two weeks at Wells Beach in Maine. Bill works in the Electrical Shop... We all miss Pete Rancetti, Supervisor of the Pipe Shop. Pete is on sick leave. Hurry back Pete it's not the same without you... Harold Bohl, electrician at Beaver Street is spending his vacation at his camp in Scarsburg, Vermont... Art Caron, Foreman of the Maintenance at Brown Street is camping on Cape Cod with his family... John Sargent, Millwright at Brown Street is spending two weeks with his family at Sebago Lake in Maine.

Happy Birthday for September...

SPRAGUE SPORTS

by LOU ZITER

GOLF:

The Sprague golf league completed a successful first half schedule with the Equinox Team nosing out the Rockledge squad by $\frac{1}{2}$ point for the first half title.

The Sprague League is made up of eight teams and competition throughout the first half schedule has been keen and spirited. Approximately fifty-six employees participated with meets being held each Tuesday evening.

FIRST HALF STANDING

Team	Won	Lost
Equinox.....	16 $\frac{1}{2}$	11 $\frac{1}{2}$
Rockledge.....	16	12
Wingfoot.....	15 $\frac{1}{2}$	12 $\frac{1}{2}$
Oakmont.....	14	14
Taconic.....	14	14
Pinchurst.....	12 $\frac{1}{2}$	15 $\frac{1}{2}$
Indian Creek.....	12	16
Pine Valley.....	11 $\frac{1}{2}$	16 $\frac{1}{2}$

SPORTS SCRAPS

RALPH FRESSOLA, veteran golfer, has equalled the course record at the Taconic Club by shooting a 67 for the eighteen holes.

WALTER SCHROEDER scored a hole in one on the fourteenth hole at the Taconic Course recently.

ROGER DELISLE of Research and Engineering, coaches the Hunter's Little League Team, winners of the first half in the South League.

Congratulations to the Adams Little League for winning the District One Berkshire County Championships with their deserving 1-0 win over Williamstown.

CERTIFICATES

Continued from page 2

responsibilities of all the participants and that in the long run will be invaluable to both themselves and the company. He added that both courses were given partly in preparation for a course in Corporate Finance which is now underway. This new course also includes Arlene Judge and John Washburn.

Also present for the occasion were Mrs. Robert C. Sprague, Jr., Mr. & Mrs. William J. Nolan and the wives of each of the participants.

Textbooks used for the courses are used at the Massachusetts Institute of Technology at its graduate school, and included: "Economics, An Introductory Analysis," by Paul Samuelson; and "Accounting, A Management Approach" by Ronald Robnett, Thomas Hill and John Beckett.

The Economics course started in June of 1957 and was completed with the final of six examinations on June 30th of this year. Accounting ran from April to June of this year and consisted of study and work problems and a final examination.

Volpi and Lovett Tops In LOG Trout Contest

The twelfth annual Log fishing contest, modified this year to include trout only, ended July 31st with Al Volpi of Formation Control walking off with 1st prize in the rainbow and brook trout categories and Jim Lovett of Systems and Procedures taking the brown trout category.

Al came home with the bacon with a 16 $\frac{1}{2}$ " rainbow weighing in at 1 lb., 14 ozs. which he pulled out of the Deerfield and a 16" brook trout weighing in at 1 lb., 9 ozs. also taken

from the Deerfield.

Jim Lovett copped first prize in the brown trout category with the longest catch entered in the contest a 21 $\frac{1}{4}$ " trout weighing in at 3 lbs., 13 ozs. from the South Branch of the Hoosac River.

Both winners have cashed in gift certificates of \$10.00 in each category on fishing equipment purchased in the local sporting goods stores.

The LOG would like to extend thanks to Bill's Sporting Goods Store, Center Sporting Goods and Walden's for acting as judges and helping to make this year's contest a success.
